Smart City Excursions (28 June 2018)

Visiting the front-running Smart City projects in the Netherlands and Belgium. Comfortable transportation to the different locations is included.

About the Volvo Ocean Race

The Smart City Event is taking place during the Volvo Ocean Race in The Hague, the longest and toughest professional sporting event in the world. The Volvo Ocean Race is the world’s premier offshore race, an exceptional test of sailing prowess and human labor of effort, which started since 1973. The teams sail 45,000 nautical miles around the world, across four oceans, touching six continents and 12 landmark Host Cities. The only way to win is by sailing harder, and smarter than your competitors.
